

The Tuition & Fee Schedules included in this document provide detailed information regarding both Tuition and Fee rates on a per term basis.

Calculating Tuition & Fees

To appropriately calculate total Tuition and Fees, the mandatory fee rates must be added to the appropriate base or programmatic tuition amount based on the number of intended credit hours.

For example, a student classified as a resident undergraduate with a non-declared major attending Oregon State University and planning to take 12 credit hours for the term would calculate total tuition and fees as follows:

Source	Table Cell Location	Amount
OSU Undergraduate Base Tuition Table	Resident 12 credit hours	\$2,292.00
OSU Mandatory Fees	Undergraduate - Total Fees - 12 credit hours	\$482.03
Total Tuition and Fees		\$2,774.03

However, tuition and fees for a student enrolled in a program with a Differential tuition rate such as Oregon State's Professional Engineering Program would be calculated by first locating the correct tuition rate from the applicable differential table and then adding the applicable mandatory fees. For example, a resident OSU - Corvallis, undergraduate student in the Professional Engineering program enrolling for 15 credit hours would calculate tuition as follows:

Source	Table Cell Location	Amount
OSU Corvallis Professional Engineering Undergrad	Resident 15 credit hours	\$3,287.00
OSU Corvallis Mandatory Fees	Undergraduate - Total Fees - 12 credit hours	\$482.03
Total Tuition and Fees		\$3,769.03

Please note that the fees included in the tables in this document are mandatory fees which all campus students are required to pay. Institutions may charge additional fees for specific courses (lab fees, etc.) and services (parking, etc.). Contact the campus directly for information regarding any additional fees.
